National Hotel

REPRESENTED IN
NEGATIVE FILE

H.A.B.S. SURVEY NO.

Cal 1520

History - The National Hotel was built over the old Botilleas double spring where travelers camped as early as 1848 en route to mines, leaving a growing pile of bottles at the springs; "Botilleas" in Spanish being the first name. First hotel of logs known as "Louisiana". Later frame building burned in 1862, followed by brick structure named National Hotel. Ellis Evans
